### Waste Management

Solid and liquid waste management - There are dustbins for dry and wet waste placed on the campus. Dry and wet waste are collected and disposed off through the mechanism set by the local municipal corporation.

Bio Medical waste management -It is confined to the used sanitary napkins disposal by the girl students in the college. The mechanism for disposing these is made available to the students in one of the washrooms. Facility for collection and disposal of used masks during the pandemic times was provided separately.

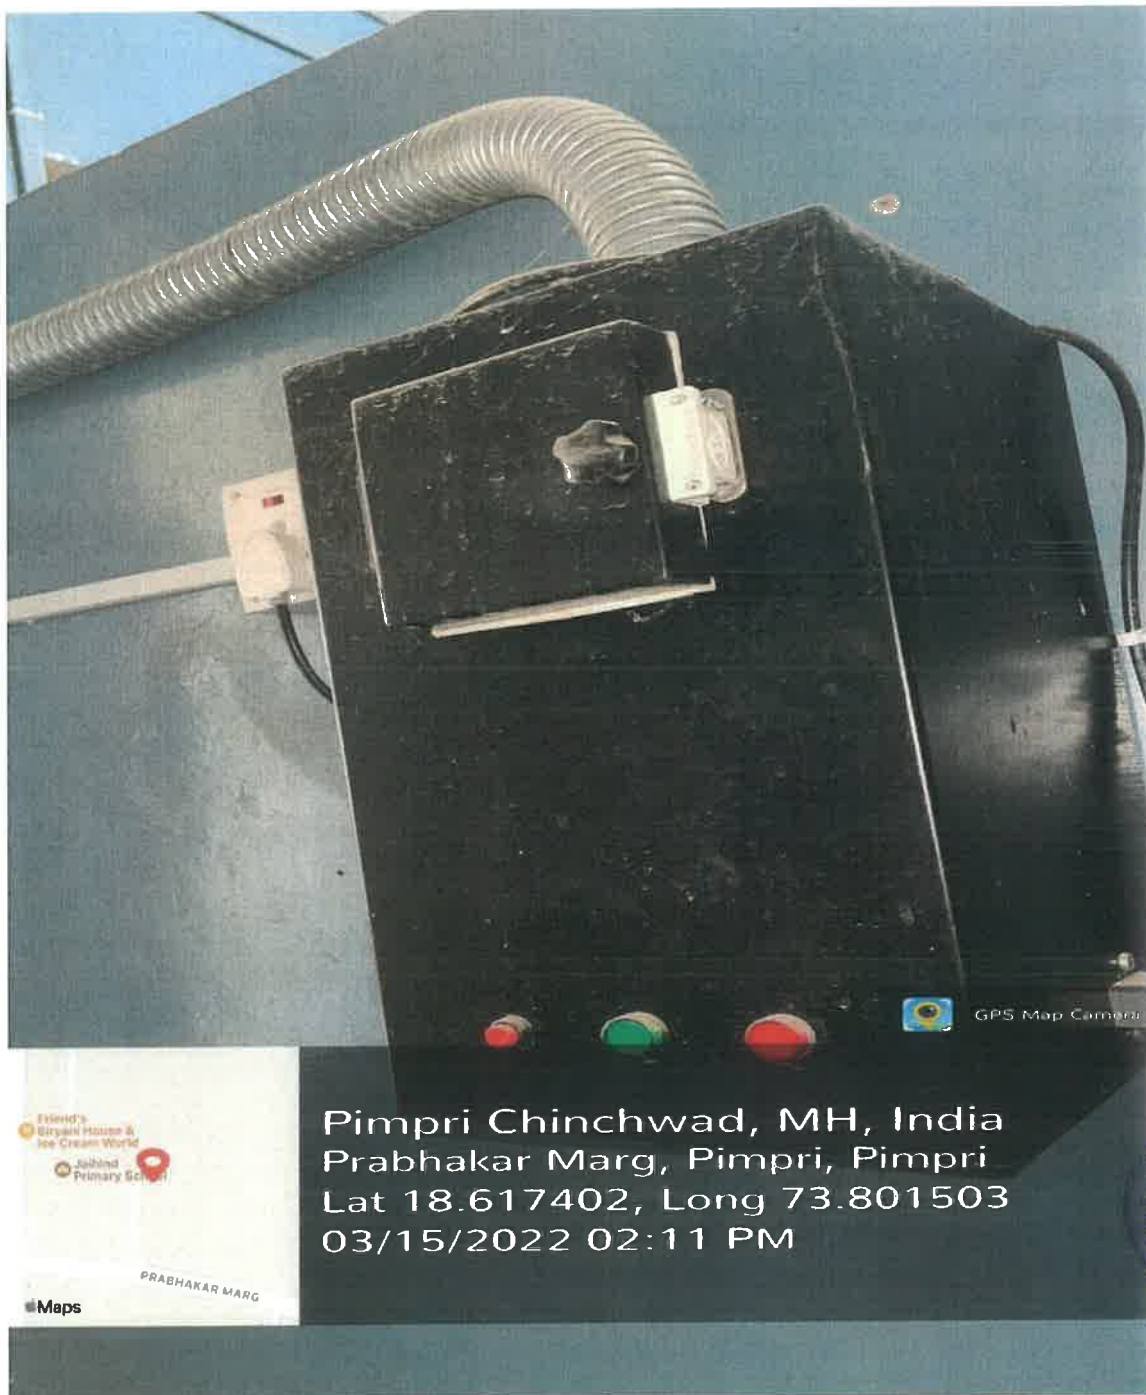

E - waste management -E-waste is collected by Aptech (our electronic goods vendor) under a buy back policy for E-waste. The buy-back policy enables handling, recycling and reusing of waste electronic equipment in an eco-friendly manner.

The college also has collaborated with an NGO, who collects the E-waste collected from the students and the staff.

Shredding machine - Shredding machine is used to shred the waste papers of college.

## Report

E-waste drive is organized in February, 2022 in association with Environment Conservation Association (ECA), PCMC. Students and teachers donated the e-waste. The purpose behind this activity was to inculcate the habit among the students about donating the e-waste for recycling.
